1.2 Who can apply?

All registered teachers currently teaching in a full or part time capacity in a maintained nursery, primary, secondary, special school or Pupil Referral Unit in Wales may apply for CPD funding (subject to the exceptions under section 1.3).

Registered supply and unattached teachers, such as peripatetic teachers who can provide evidence that they have worked as teachers in one of the above types of school for at least 20 days during the 12 months preceding their application may apply.

Registered teachers who are employed as advisors in a part-time capacity, but who also work part-time as supply teachers may apply as long as they are able to provide evidence of employment as teachers for at least 20 days during the 12 months preceding their application.

Newly Qualified Teachers who are not yet in a position to undertake Induction but are active as supply teachers.

Teachers on maternity/paternity leave are eligible.

Teachers who work part-time may apply for funding to cover additional costs but may not act as his/her own supply cover for days additional to existing contracted hours.

1.3 Who cannot apply?

Registered teachers employed as full-time advisors or advisory teachers, whose role involves the planning, delivering and facilitating of INSET provision but who have no school based responsibilities other than demonstrating lessons are not eligible to apply. This applies to advisors and advisory teachers whether they are permanently employed or on secondment from schools.

Teachers seconded to roles outside schools are not eligible to apply for funding during the period of their secondment, but become eligible on return to their school.

Teachers currently in receipt of funding from the Welsh Assembly Government for Statutory Induction or Early Professional Development (EPD) are not eligible.

Headteachers or senior managers who are currently receiving funding from the Welsh Assembly Government to undertake PHIP, LPSH or NPQH are not eligible.

- Incomplete forms will not be considered for funding.
- Identical forms from two or more teachers will not be considered.
- Any changes to an original application must be submitted in writing.
- Teachers should ensure they retain a copy of their application and there is sufficient postage when posting.

1.7 Appeals

In making an application for funding, any teacher dissatisfied with any stage of the funding process should write to the Professional Development Manager in the first instance. The Standards of Service document may be found on the GTCW website or is available on request.

1.8 Writing the report

Teachers receiving funding will be required to write a short report. The report should not be a description of the activity but a reflection on the impact of the activity on the teacher's own development, the school and raising pupil achievement. It should build on the original application form submitted and include:

- the rationale for their professional development need
- details of how the success of the professional development activity has been measured in the short-term and will be measured in the longer term
- details of the actual benefits or outcomes gained from the activity to a teacher, a school and raising pupil achievement
- details of how the experiences gained have been / will be shared with others (disseminated)

To assist in preparing the report, guidance is available on the Council's website at www.gtcw.org.uk/cpd.

It is expected that these reports will form the basis of future CPD planning for teachers and schools. A copy of the report should be retained by the teacher and may be required by Estyn or independent evaluators as part of the programme's evaluation.

1.9 An outline of the reporting requirements is as follows:

Professional Development Bursary – a report of up to 1,000 words.
A copy of this report should be kept in the teacher's Professional Development portfolio.

1.10 GTCW CPD Wales website (www.gtcw.org.uk/cpd)

The Council has enhanced its existing web-based resource to assist teachers and others with an interest in the GTCW CPD Funding Programme. It contains:

- details of the current funding programme, including project types, copies of the standard application / claim forms and this Information Booklet
- guidance material to assist teachers with aspects of the funding process, such as identifying outcomes when planning an activity and how to disseminate their experiences to other teachers
- completed exemplar application forms for most project types
- guidance material for headteachers, mentors, Network Coordinators and Group Leaders to help them in their roles
- a list of all completed projects funded by the Council, together with additional details if teachers have chosen to provide them
- a Report Resource which includes a number of report summaries from previous years
- independent evaluation reports from the pilot phases of the funding programme (2001-04)

Teachers are encouraged to make use of this valuable resource. The CPD Wales website may be accessed from the home page of the Council's website www.gtcw.org.uk

1.11 Sharing of project information

The Council will make available details from completed projects in a number of ways. This will be primarily to enable as many teachers as possible to share ideas and to disseminate their CPD activities as widely as possible. Information sharing will include:

- (a) Information for Local Education Authorities. The Council provides information on projects to the relevant LEA, to assist LEA CPD Coordinators in monitoring local activity and in facilitating sharing of good practice.
- (b) GTCW website. The Council's website (www.gtcw.org.uk/cpd) publishes information on previously funded projects.
- (c) National Grid for Learning Cymru. In addition to the professional development impact of activities, some projects lead to the production of teaching resources and support materials. Any teacher seeking advice on the production of resources should contact NGfL Cymru on 029 2026 5177 or info@ngfl-cymru.org.uk.
- (d) Dissemination opportunities. In overseeing the funding programme, the Council is often aware of opportunities for teachers to further disseminate their activities. This might include making a presentation at a local or national conference or the publication of an article in a professional journal. Where the Council identifies such opportunities, the Council may invite a teacher to assist. In such circumstances, supply cover will be paid, to prepare and to attend.
- (e) Estyn. Estyn provides advice to the Welsh Assembly Government on the impact of the Funding Programme, particularly in relation to the impact on improving pupils' learning.

1.12 Finance Information and rates

Claims should be made after the activity has been undertaken.

Normally, only **one claim** per grant will be made.

Claims must be submitted to the Council within 1 month after completing the funded activity, this date will be stated on the award letter.

The final date for claims is 18 March in any financial year.

If there are payments to be made to more than one person / school / organisation, all required information must be included on one Financial Claim Form. The Council will settle the claim in accordance with the original funding request and allocation.

Once a claim has been settled a teacher will not be allowed to submit another claim even if they have not used up their allocated funding.

In exceptional circumstances, for example, where there is a requirement to pay a course fee or the money is needed by a school to pay supply cover, the Council will consider a request for an interim payment. In circumstances where an interim payment has been made but the activity is not completed, the Council will take steps to recover the money.

Supply/cover costs

For qualified supply teachers; these are paid at a flat-rate of £165 per day.

For Cover supervisors and other staff; these are paid at a flat-rate of £80 per day.

The Council will only reimburse supply/cover costs to employers.

The cost of supply teachers should be claimed on the Supply Claim form and payment details included on the Financial Claim form.

In all cases the name of the supply teacher must be included along with their Teacher Reference Number or contact details.

Employing part-time teachers for additional days to undertake CPD activities is not eligible.

Receipts need to be provided to account for all expenditure except car mileage expenses.

Receipts must contain details of goods purchased, including till receipts.

When arranging to participate on a course or any other activity that requires payment, teachers should undertake all the organisation required to attend and should arrange to receive the invoice. The unpaid invoice can be submitted to the Council along with the Financial Claim form, but must indicate the teacher or school as the debtor.

All invoices should be made out to either the teacher or the school. Invoices for external services such as attending a course made out to the Council will be returned. The Council will not accept any liability as a debtor for expenditure incurred under the CPD Funding Programme.

VAT on expenditure may only be claimed if the teacher, or the school, is unable to, or has not claimed it back from elsewhere. If the teacher, or the school, has claimed the VAT back from Customs and Excise, or received funding for it from elsewhere, VAT should not be included in the claim.

Travel costs

Teachers should seek to travel by public transport and take the cheapest travel option.

Travel costs will be paid at the following rates:

Motor mileage allowances (p per mile)
Motor mileage is reimbursed at a standard rate of 40p per mile for the first 100 miles and 20p thereafter.

The Council will only reimburse the teacher to the agreed amount set out in the Award letter. Any amount in excess of the agreed limit will either:

- be the responsibility of the teacher / school to pay ; and / or
- may be paid in exceptional circumstances. Requests in such circumstances must be put in writing in advance.

Delays in claims or applications caused by insufficient postage are the responsibility of the teacher. Teachers are reminded that proof of posting is not proof of delivery.

4.0 Action Research Project

What is an Action Research Project?

An Action Research Project enables teachers to undertake small-scale classroom-based action research which will impact on their own practice as a teacher.

Action research is a term used to describe professionals studying their own practice in order to improve it. When applied to teaching it involves evaluating the impact of one or more interventions which aim to meet the challenges set by an identified problem. This funding provides an opportunity for teachers to experiment with new and innovative approaches whilst being supported by a mentor.

The Action Research Project provides support for teachers to undertake action research which should enable them to develop skills such as evaluating their own practice and work, planning a research project, gathering, comparing and interpreting appropriate data and applying the outcomes of their action research.

Teachers should look to address issues unique to their own context or practice. Other types of educational research such as research on subject content, examining whole school concerns or as part of LEA initiatives, are not eligible under this category.

The action research must be conducted within a financial year.

Eligible activities

The scholarships will fund Action Research Projects that are relevant to an applicant's practice in the classroom or role in the school. Examples of suitable research might include:

- comparing the effectiveness of different teaching techniques to deliver a topic by dividing a class into two groups to give comparable samples and teaching each in different ways
- modifying behaviour in a class with different reward systems and evaluating success
- examining the effect of a new curriculum on a disaffected group

This is clearly not an exhaustive list and applications for action research in other areas are encouraged. However, applicants are advised that applications must involve new research and should not repeat previous research. Examples of previous activities undertaken by teachers may be found on the Council's website at www.gtcw.org.uk/cpd

Mentor support

Each participating teacher is required to arrange support from a mentor from an appropriate organisation such as a Higher Education Institution, subject association, Local Education Authority, advisory service or research body.

- The mentor should have the necessary professional skills and qualifications to assist the teacher to plan the action research, provide support as required during the period and assist in analysing data and reaching conclusions.
- The extent of support required from the mentor will be at the teacher's discretion and will vary from individual to individual, however, a teacher should not work in isolation from the mentor.

Eligible expenditure

Action Research Projects up to the value of £2,500 will be available, however, not all applicants will require the full amount.

There are three categories of eligible expenditure:

- to provide supply cover for the teacher to undertake the research.
Teachers should show, in their planning, how each day requested will be used.
- mentor support for activities such as:
 - developing a sound detailed research methodology
 - tutoring in research design methods and data collection
 - on-going mentoring advice
 - support for completion of the research enquiry
 - assistance with the evaluation report

This aspect will not normally be more than 25% of the total grant ie £625.

- to cover other incurred costs such as:
 - consumable costs of photocopying, postage, etc.
 - travel costs
 - access to library, journals, other research materials
 - supporting materials and equipment e.g. software but not hardware
 - childcare costs above those normally incurred

Non-eligible expenditure

- Undertaking short courses or international visits
- Projects where the research is restricted to evaluating the impact of resources
- Projects where the research extends across a whole school or department
- Course fees where a mentor does not specifically assist the teacher as stated above
- See also the list of non-eligible expenditure on page 6.

Applications must be accompanied by a supporting form from the mentor.

For further information on undertaking an action research project please contact the CPD Team at the Council on 029 2055 0350 or by e-mailing cpd@gtcw.org.uk

Eligibility

In order to be eligible for this project, registered teachers must have taught continuously in a maintained school for at least seven years (either full or part time).

Teachers who have taken a recent 6-12 month maternity leave should clarify their position with the CPD Team.

Teachers who have undertaken a recent secondment of over 12 months should clarify their position with the CPD Team.

- Sabbaticals must be undertaken as one block of time

The CPD Team will discuss types of organisations interested in hosting a teacher sabbatical. - Requests for photocopying costs should recognise that Network members will produce exemplar copies only
- Venue costs should be kept to a minimum and only incurred where specialist facilities are necessary.
